

# PIPELINE 070

Version 11/18

Metal separator for installation in pump conveying lines for liquids

- **Reliable** - in Process and Detection
- **Durable** - in Technology and Performance
- **Conforming** - in Design and Data management

In a few words:

- Digital signal processing for best detection
- Reliable and safe metal detection technology
- Process- and condition monitoring
  
- Failsafe storage of all system parameters
- Robust construction for maximum lifetime
- Maintenance free, long-term operation
  
- Versions for various areas of use
- Password protected user management
- Hygienic Design without dead spots
